SDG&E ASKS CUSTOMERS TO 'REDUCE YOUR USE' TOMORROW

When: August 21, 2012

11 a.m. - 6 p.m.

Save energy and earn a bill credit.

SDG&E is asking customers to Reduce Your Use tomorrow due to hotter-than-average temperatures.

While we're not experiencing a system emergency at this time, you can help reduce strain on the electric grid by reducing your electricity use between 11 a.m. - 6 p.m. TOMORROW. By doing so, you will be eligible to earn a bill credit of \$0.75 per kilowatt hour saved.

Here are some quick tips to help customers save energy at home:

- Raise your central A/C's thermostat setting four to six degrees.
- Run major appliances before 11 a.m. or after 6 p.m.
- Unplug chargers and power strips.
- Turn off pool pumps between 11 a.m. and 6 p.m.

Customers are encouraged to log on to My Account before the event by going to the My Energy tab and click on My Energy Use. Find your "Use Less Than" amount on the table and put your conservation plan in place to earn rewards. For more information, connect at sdge.com/reduceuse
