Notice of Joint City Council/ Design Review Board/ Tidelands Advisory Committee/ Climate Ready Stakeholders Workshop to discuss Coastal Flooding: Sea Level Rise and El Niño

Tuesday, November, 17, 2015
6pm to 8pm
Tijuana Estuary Visitors Center
301 Caspian Way, Imperial Beach, CA 91932

- Learn more about local coastal flooding, sea level rise, and El Niño.
- Share your coastal flooding experiences with the climate scientists.
- Find out about actions the City of Imperial Beach is taking to prepare for El Niño.
- Explore what you can do to prepare your home and family for El Niño.
- Understand regional efforts to prepare communities for future climate change.

The City of Imperial Beach is engaged in a study to assess local vulnerabilities to coastal flooding and sea level rise and to identify potential adaptation strategies to ensure IB remains a resilient coastal community in the future. As part of this larger effort, the workshop will update attendees on project progress; seek input from community leaders, staff, and residents; and update participants on the near-term efforts to prepare for El Niño.
