

IMPERIAL BEACH
California

Final Budget (Adopted June 17, 2015)

Fiscal Year 2016 & 2017

City of Imperial Beach

Located in San Diego County, Imperial Beach is the southwest most city in the continental United States, bordering Mexico to the south and the Pacific Ocean to the west. The mission is to maintain and enhance Imperial Beach as “Classic Southern California”; a beach-oriented community with a safe, small town, family atmosphere, rich in natural cultural resources.

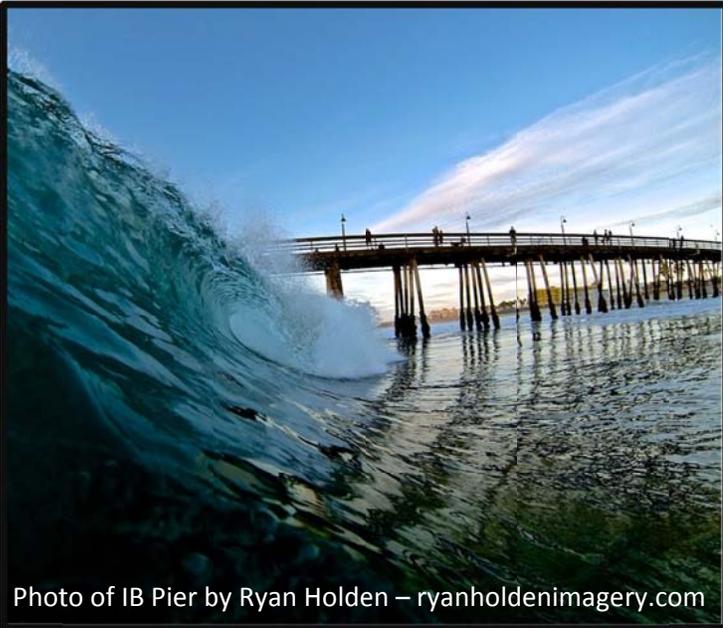

Photo of IB Pier by Ryan Holden – ryanholdenimagery.com

The population of the City is 27,063 (2013) and is 4.5 square miles including 4 miles of beach-front. There are 6 elementary/ middle schools and 1 high school with nearly 3,000 students enrolled.

Imperial Beach is home to the Tijuana River National Estuarine Research Reserve, a National Estuarine Research Reserve, and Border Field State Park. The estuary, located off Seacoast Drive and Imperial Beach Boulevard, is home to many endangered birds and wildlife. This estuary marks the place where the fresh water Tijuana River

enters the salt water Pacific Ocean. It is the largest salt water marsh in Southern California.

Imperial Beach has undergone a significant makeover in the last ten years to become more visitor-friendly and commercially viable. In 2004, the City of Imperial Beach began implementing a community redevelopment plan to improve the commercial corridor along Palm Avenue and Seacoast Drive.

Imperial Beach boasts a high military population and is home to the US Navy's Naval Outlying Landing Field Imperial Beach also known as NOLF Imperial Beach. It is bordered on its northern extreme by Silver Strand Training Complex and is home to several Unified Port of San Diego properties.

Inquiries concerning the budget, please contact: Administrative Services Department

Honorable Mayor and Members of Council:

On behalf of the Imperial Beach management team, I am pleased to present the FY 2016 and FY 2017 Imperial Beach municipal budget for your consideration. The preparation of the budget was a collaborative effort and each Department Head was instrumental in arriving at a balanced budget that contains the anticipated revenues and expenditures to provide effective and efficient municipal services.

The primary goal of the management staff in the preparation of the budget was to continue to provide a high level of professional City services at one of the lowest per capita expense to the residents in San Diego County. This goal help guide the management staff in making some of the more difficult decisions and necessary compromises. I am confident that under the guidance of the City Council, the staff of Imperial Beach provides more benefit from each taxpayer dollar than any municipality in the County. Some of the key components and objectives of the budget include:

- Identification of base or ongoing revenues for all long term expenditures
- Implementation of City Council capital and maintenance priorities
- Preservation of existing employee compensation levels and benefit packages
- Presentation of a clear, user friendly budget with a focus on being transparent
- Limitation on new tax or fee revenue generation to minimize impact on residents
- Restructuring of Activity Based Costing (ABC) methodology for more accurate reflection of General Fund revenues and expenditures

The budget reflects essentially a flat revenue stream despite significant development activity. Many of the projects that are currently being processed will not be completed and become contributors to the base revenue of the City in the next two year period. If the current projects come to fruition, future two year budget cycles may indicate a significant increase in revenue generation. Property tax increases as vacant lots are improved, Redevelopment Agency debt is reduced, and property values rise.

In general, when Activity Based Costing is restructured, most of the expenditures also remain static. One significant increase in expense is an additional \$100,000 due to CalPERS because Imperial Beach, like most California municipalities, is underfunded in the State retirement system. This increase will expand by \$100,000 each of the next four years until it stabilizes at \$500,000 for several years until the City is properly funded in the retirement system. At the present time, the City is underfunded by approximately \$7 million. Most of this cost is tied to past and current employees and recent reforms will reduce the likelihood this will happen in the future.

Transparency continues to be an important factor in budget preparation. Beyond the required hearings and public meetings, the management staff has met with employee representatives, community groups, and residents to obtain input and suggestions. The budget, along with other pertinent financial documents, can be found on the City website and is easy to navigate.

Finally, it would very challenging to prepare a balanced budget without our partnerships with the Unified Port of San Diego, the San Diego County Sheriff's Department, the San Diego Association of Governments, San Diego County and the State of California. These partners provide funding and services that greatly improve the lives of our residents.

It is a pleasure to present the City Council with a balanced budget that ensures efficient and effective service provision without any anticipated increase in taxes or fees, with the exception of the previously approved increase in sewer rates. Thank you for your guidance and support in establishing a financial roadway map for the near future in Imperial Beach.

Sincerely,

Andy Hall, AICP
Imperial Beach City Manager

Executive Summary

The General Fund budget is balanced and has remained mostly flat and consistent with historical revenue and expenditures. However, several changes have occurred requiring budget estimate modifications versus the prior year. The Revenue changes include; Sales Tax increase from new business activity, Transient Occupancy Tax increase, and Ambulance revenue decline to reflect actual levels of service. The Expense changes include; increase in retirement, increase in Sheriff’s contract, and programmed employee cost increases including healthcare. To balance the budget, there has been a modest reduction in non-employee related expense items.

City of Imperial Beach..... Page A2

City Manager Letter to Mayor and Members of Council..... Page A3

Executive Summary..... Page A5

Organization Chart..... Page A8

City of Imperial Beach Employees..... Page 1

Staffing is reduced from **145.5** employees in FY16 to **141.5** in FY17. The reduction is caused by the end to the current SAFER firefighter grant. Minor staffing changes in FY16 include 1 part-time administrative employee increased to full-time. The staffing figures include **61 part time** employees for Lifeguard and Tidelands Maintenance.

Budget Summary..... Page 2

Citywide Operating Budget remains flat at **\$28.5M for FY16 and \$28.9 for FY17**. The **\$16.8M 2 Year Capital Budget** is programmed mostly in FY16. Projects not completed in FY16 will be carried over to FY17. The General Fund Operating Budget is balanced at **\$17.1M in FY16 and \$17.1M in FY17**.

Revenue Budget..... Page 3

Citywide Revenue Budget increases to **\$34.0M in FY16** and settles down to **\$29.7 in FY17**. The difference between FY16 and FY17 is due solely to **Grant Revenue funding CIP** projects.

General Fund Revenue Detail..... Page 4

General Fund Revenue Budget remains flat at **\$17.9M in FY16 and \$17.6 in FY17**. The slight decline in FY17 is the end of the SAFER Firefighter, Sea level Rise and San Diego Bay WQIP funding. Slight **increases** are estimated in FY17 for **Sales Tax and Transient Occupancy Tax**.

Expense Budget..... Page 6

Citywide Expense Budget increases to **\$42.3M in FY16** and settles at **\$32.1 in FY17**. The difference between FY16 and FY17 is due to the majority of the 2 year CIP projects are budgeted in FY16. This is done for administrative purposes in that nearly all will begin sometime in FY16 and require a budget. The amount that is not completed will be rolled into FY17 by council approval at the end of FY16.

General Fund Expense Budget Page 7

General Fund Expense Budget is flat at **\$18.3M** in FY16 and FY17. As stated above, the General Fund Operating Budget is balanced at **\$17.1M in FY16** and **\$17.1M in FY17**. The difference between total expense and operating expense are Grant funded projects and CIP.

Capital Improvement Plan Budget..... Page 8

The 2 Year CIP Budget is **\$16.8M** and consists of 38 **projects**. Over **\$5.7M** of these projects are funded through various **Grants**. The remainder is funded through revenue and/or reserves from the Gas Tax, Transnet, Sewer and the General Fund.

Fund Balance Budget..... Page 11

The Fund Balance Schedule illustrates Citywide Reserves by Fund. The General Fund Unassigned Fund Balance remains within **30-40% of expenditures** per council policy. The reduction in Strategic Capital, Public Works, Gas Tax, Transnet, 2010 Bond, Park Maintenance, Sewer and Information Technology reserves are due to **CIP expenditures**. The decline in the Risk Management Fund Balance is by design. The City is expecting (and has not yet budgeted for) nearly **\$1M in Dividend Payouts** over the next 6 years from the SANDPIPA wind-down. These funds are expected to offset the decline currently budgeted. The fund balance in Vehicle Replacement and Facility Maintenance remain flat.

Indirect Cost Allocation Budget.....Page 12

In compliance with industry standards the Indirect Cost Allocations have been modified and **simplified in FY16 and FY17**. The cost allocations that were budgeted previously within the General Fund have been removed. This was incorrectly over-stating the General Fund Expense and Revenue. The over-statement was an offset, thus not affecting the Fund Balance. The charges to the General Fund in FY16 and FY17 have been reduced slightly versus FY15 to satisfy budget demands. The costs allocated to the Sewer fund have remained flat in FY16 and FY17 versus FY15.

Budget Transfers..... Page 13

The **\$998K FY16 budget transfer (\$986K FY17)** into the General Fund is for Street Maintenance funded by **\$789K of Gas Tax Funds (\$768 FY17)** and **\$209K of Transnet Funds (\$218K FY17)**. The **Street Maintenance** expense is nearly **\$215K** more than the transferred amount, which represents the amount spent by the General Fund to meet the City's **Maintenance of Effort** as required by SANDAG. The **\$2M** transfer between the 301 and 303 funds are for **Successor Agency Debt Service**.

Key Department Budget Detail..... Page 14

The Department Detail schedules provide more detail and historical cost of key City departments. Also provided are the **Goals, Objectives and Key Metrics** of Accomplishment by Department.

Total Budget by General Ledger Account..... Page 44

The actual budget by general ledger account number is listed which will be transferred into the City's accounting system.

GANN limit Calculation..... Page 71

The GANN appropriations limit calculation sets the limit to governmental expenditures based on legislation. The City is at **55%** of the GANN limit.

Purpose

The City of Imperial Beach Mayor and City Council maintain and enhance Imperial Beach as "Classic Southern California"; a beach-oriented community with a safe, small town, family atmosphere, rich in natural and cultural resources.

Objectives

1. Maintain and improve existing character of the City
2. Improve and strengthen neighborhoods
3. Continue commercial investment
4. Improve the streetscape
5. Continue infrastructure maintenance
6. Provide high quality and effective public safety

Budget	2016	2017
Headcount	2	2
Environmental Manager	1	1
Environmental Specialist	1	1

Purpose

Develop and implement the City's storm water management program as required by the Regional Storm Water NPDES Permit. Including regional collaboration and public participation in the development and implementation of Water Quality Improvement Plans (WQIPs) for the Tijuana River and San Diego Bay watershed management areas, which informs the selection of water quality improvement strategies required in the City's Jurisdictional Runoff Management Program.

Objectives

1. Maintain compliance with the National Pollution Discharge Elimination Systems (NPDES) Permit that regulates storm water discharges from the City
2. Coordinate consistent implementation of storm water management programs at regional and watershed levels
3. Implement the City's Jurisdictional Runoff Management Program

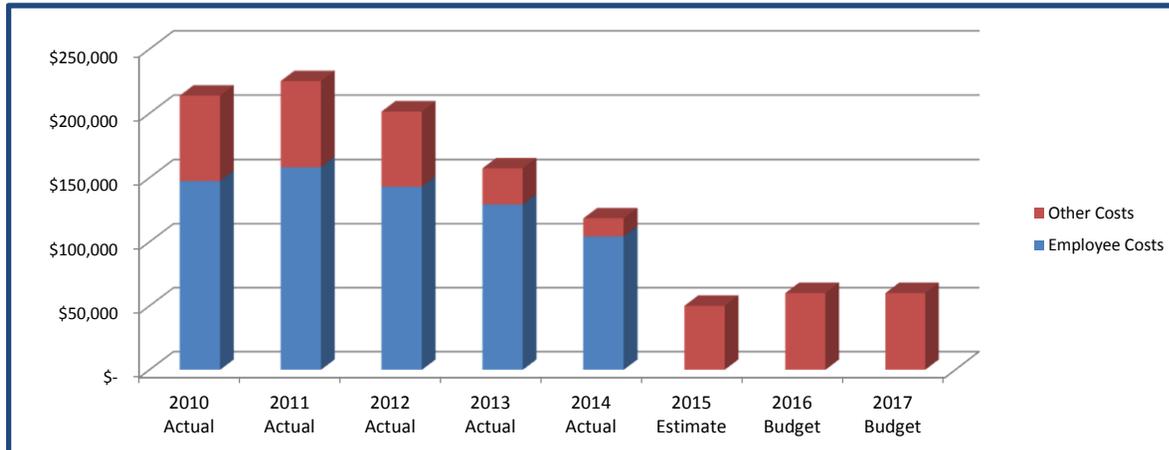

Significant Changes in the Budget

Slight increase in costs related to increased regulations from NPDES Permit Order R9-2013-0001 from the San Diego Regional Water Quality Control Board
